Instructions to Reviewers:

All individuals reviewing this application are required under 35 USC 181 to sign and date this form regardless of whether they are making a secrecy order recommendation.

The attached copy of the application, any copies made therefrom and this form must be returned to the TO once a recommendation not to impose secrecy has been made or a secrecy order has been rescinded.

Instructions for Completion of Review:

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a secrecy order.

35 USC 184, entitled "Patent Applications Filed in Foreign Countries," provides that an inventor, discoverer, or other person who is entitled to a patent under the laws of the United States may, after the expiration of 6 months from the date of filing of an application for a patent in the United States, file an application for a patent in a foreign country without a license, provided that the application is not made available to the public in the United States before the expiration of 6 months from the date of filing of the application in the United States. This provision is intended to protect the inventor's right to file a patent application in a foreign country without a license, provided that the application is not made available to the public in the United States before the expiration of 6 months from the date of filing of the application in the United States.
